Year of Issue: 2022

Mintage: 999

Country of Issue: Barbados

The Coin

Real space rock! A genuine chondrite meteorite fragment makes a big impact as it plunges into the Pacific Ocean on the 2022 Blue Marble coin from Barbados. On this Earth-shaped fine silver coin, the sculpted landmasses are plated in 24 karat gold, while a manual application of translucent blue enamel highlights the waters that cover nearly three-quarters of our planet's surface.
