- Coin Finish: Reverse Proof
- Coin Denomination: \$2
- Year of Issue: 2020
- Coin Mintage: 3000
- Country of Issue: Solomon Islands

### **Coin Story**

After the technological breakthroughs in rocketry during WWII, the eyes of many were pointed to the sky in search of an unidentified flying object (UFO). There were so many sightings that the US Air Force launched a series of formal investigations beginning with Project Sign in 1948 and culminating in the largest ever government investigation of UFOs, Project Blue Book, which ended in 1969. 50 years later, people around the world are still captivated by the possibility of extraterrestrial life-forms visiting Earth. This 1 oz. silver coin captures the imagination with its iconic shape and shimmering holographic accents!
